CORPORATE STANCE ON IMMIGRATION

“In our efforts to combat hunger, ignorance and the denial of human rights, we follow Catholic social teaching and the directives of the local Church.” (Constitutions)

In January, 2003, the U.S. bishops issued the pastoral letter, **Strangers No Longer: Together on the Journey of Hope.**

In that document, the U.S. bishops articulated five principles that govern how the Church responds to public policy proposals relating to immigration.

During this time when anti-immigrant sentiments, misinformation and hatred are finding a way into laws, policies and ways of dealings with immigrants, **we Holy Spirit Missionary Sisters believe it is especially urgent that we stand with immigrants and with those who share our passion for justice for immigrants.**

OUR COMMITMENT.

- **Pray** for immigrants, and have others become aware of immigration situations
- **Educate** others on immigration issues
- **Develop relationships** that are built on respect
- **Advocate**, act and serve with and for immigrants

PRAYER

- Attend prayer services/Holy hours for immigrants
- Pray for immigrants, immigration concerns and ministries

- How our faith approaches immigration

Know:

- How immigration is linked with social justice and the Gospel

How should I educate myself & others?

- Personal contact—listen to life experiences from an immigrant’s perspective
- Watch documentaries about immigration
“Tony & Janina’s American Wedding” (Ruthless Films)
- Read articles discussing immigration issues (lives of others)—not just about policies
- Attend discussions and presentations

ADVOCACY

- ◆ Lobbying, letter writing, e-mailing and networking for policy change are ways to support and impact immigrants—*Ex: Participate in a public rally, town hall meeting, etc. when possible*

ACTION/RELATIONSHIPS FOR TRANSFORMATION – Change of Attitude

- ◆ Identify with immigrants
- ◆ Overcome the “other” mentality of hatred and indifference: Respect and Kindness—welcoming attitude
- ◆ Become aware of language/correct and proper use of it (word choice) Ex: use of “undocumented person” instead of “illegal”
